**MEMORANDUM**

**To:** NASPO State Directors

**From:** Greg Smith, Administrator/WSCA Chairman  
State of Nevada, Purchasing Division 

**Subject:** Sale of Apple iPad products via WSCA Wireless Contract #1523

The State of Nevada, on behalf of the Western States Contracting Alliance (WSCA) has recently addressed the sale of the new Apple iPad products and similar tablet devices as part of the WSCA Wireless Contract #1523.

The State of Nevada feels these products do fall within the intended scope of Contract #1523, and will allow sales of these products as part of Contract #1523 and in the State of Nevada. However, pursuant to the joint WSCA discussion, we recognize individual States may allow or disallow the sale of these devices, based on each State's interpretation of the contract's scope, and the opinions of their State's Procurement and/or Information Technology Department(s) when applicable.

Through your participating addendums, please work with the wireless vendors to exclude the Apple iPad products and similar tablet devices, as you deem appropriate.

Thank you in advance for your cooperation.
